09 MARS 2018

## PRESS RELEASE

The Minister of Public Health hereby informs the populations that a falsified version of the drug called Augmentin-Tablets manufactured by GSK (GlaxoSmithKline) Laboratories is circulating in Cameroon.

The falsified version bears the following labels:

Name and Form	Batch Number	Date of manufacture	Expiry Date	Active substance	Manufacturing Laboratory
Augmentin Tablets	582426	MAY 2016	MAY 2019	- 500mg Amoxicillin Trihydrate E.P. - 125mg Clavulanate Potassium B.P.	GSK GlaxoSmithKline

None of the expected pharmaceutical active substances was found during the tests conducted on the samples of the product.

Given that the counterfeit of a drug does not ensure either its quality, safety or efficacy, the Minister of Public Health hereby call on everyone to be more vigilant, and where necessary, to stop the use of this fake drug, and then, promptly inform the General Inspectorate for Pharmaceutical Services and Laboratories; Email [pharmacovigilance@yahoofr](mailto:pharmacovigilance@yahoofr) and Mobile number, 655 97 85 00.

The Minister of Public Health

Andel MAMA FOUDA
