PRESS RELEASE

The Minister of Public Health informs the general public that false information dated 30 June 2017 reference **E32-135 in the English language** is circulating through social networks on a special recruitment of 1000 health personnel for a two-month period from June to July by the Ministry of Public Health under the address (admin@minsante.site), unknown to the Ministry.

Mr. André Mama Fouda vigorously denounces this false information that is using the scanned letterhead, signature and seal of the Ministry. He recalls that the recruitment of personnel in the public administration falls under the exclusive competence of the Ministry of Public Service and Administrative Reform.

He therefore urges everyone to be vigilant and that for now, the only information related to the constitution of the files is the only one on **competitive entrance examinations** into training schools organized by the Ministry of Public Health every year.
